

CLEMENT PAYNE MOVEMENT

CONGRATULATIONS !

The Clement Payne Movement of Barbados would like to offer hearty congratulations to President Nicolas Maduro and to the officers and members of the United Socialist Party of Venezuela (PSUV) for their outstanding and inspiring electoral victory in the gubernatorial elections of 15th October 2017.

Just as we expected, the PSUV won a handsome majority of the governorships (18 of the 23) that were up for grabs in Sunday's gubernatorial elections .

The Western "international" media might be able to fool people outside of Venezuela with their Psychological Warfare based propaganda, but they cannot fool the people who actually live in Venezuela and know first hand what is going on.

The reality is that the elitist, fascist and racist Opposition overplayed their hand and "woke up" the masses of working class Venezuelans with their campaign of orchestrated violent street protests (inclusive of the BURNING with gasoline fires of several black or dark skinned Venezuelans), orchestrated shortages of a number of consumer items, and treasonous calls for the United States of America to strangle the Venezuelan economy and to invade and otherwise attack the country militarily.

Indeed, they so turned off the working class that on 30th July 2017 over 8 million adult citizens defied the Opposition boycott and their intimidatory threats of violence, and voted for the establishment of a National Constituent Assembly to discuss and analyze the current problems and predicaments facing the country and to devise new governance structures and policies to respond to said problems and predicaments.

This was a sure signal that the working class (a significant number of whom had refused to vote in the 2015 National Assembly elections, thereby permitting the Opposition to win control of the National Assembly) were energized once again and would support their party-- the PSUV-- in the gubernatorial elections of Sunday 15th October.

So the socialist, anti-imperialist PSUV is back on track with its Bolivarian Revolution !

And as was to be expected, the fascist Venezuelan Opposition-- the so-called MUD-- responded to this magnificent electoral victory with allegations of fraud. But, as we all know, this is "par for the course". Whenever the Venezuelan Opposition party loses an election they ALWAYS accuse the Government of fraud-- even when the Government won elections at the height of the charismatic Hugo Chavez's popularity. But when they win elections (as they have twice done during the Chavez / Maduro years) there strangely is no fraud.

The only reason the Opposition now controls the National Assembly is because they won the December 2015 National Assembly Elections that were organized by the same Maduro administration that is in office today, using the same electoral system that is in place today. (Incidentally, an Electoral System that has been heralded by international experts— including the Jimmy Carter Centre— as among the best in the entire world).

The President of our Clement Payne Movement was in Venezuela three weeks ago. In fact he has been to Venezuela no less than three times this year, and he has made it clear to the Barbadian people that they simply CANNOT believe anything that the Western News media tells them about Venezuela. Indeed, these Western propaganda outfits are so expert at distorting— nay, creating — reality, that it is actually frightening.

But this is now our time to celebrate-- all of us who are aware that we have a stake in the historic Bolivarian Revolution that the great Hugo Chavez launched at the commencement of this 21st century.

It is also our time to look forward with great optimism to a re-election victory for President Maduro in the Presidential elections of 2018 !

Permit me to conclude with the "immortal" phrase that was coined by the former Barbados Prime Minister ,Erskine Sandiford :- We acknowledge and celebrate this magnificent victory for the masses of the Venezuela people and for the cause of 21st Century Socialism, and the American government and their puppet News Media could "like it or lump it"! Venezuela does not belong to them — it belongs to the people of Venezuela.
