

Embassy of Bolivarian Republic of Venezuela
Chargé d' Affaires Yudith Guerrero

Dear Comrade,

Thank you for the successful gathering in your Embassy the 26th of July!

CP of Norway condemns the cowardly assassination attack against your president Nicolas Maduro. This shows the imperialist aggression against the progressive Bolivarian policy of your government, but at the same time the division of the opposition, and the weakness of the far right fascist wing.

We think this foolish act from the far right opposition will strengthen the support of president Maduro, and the government.

CP of Norway fully supports your fight, both nationally and through the proletarian IMCWP.

Please convey our full support to President Maduro and the Government, to the Socialist party and PCV, in your fight for self-determination, against imperialist intervention and aggression.

Comradely

PB of CC CP of Norway
