“Sympathy form Karachi Council on Foreign Relations”

Dear Excellency,

I hope this letter will find your good self and your colleagues in the bests of health.

Excellency on behalf of the Chairman Admiral Shahid Karimullah (R), Board of Governors and the people of the Republic of Pakistan and on my own behalf, I offer our deepest sympathy and condemned attack on His Excellence Mr. Nicolas Maduro(President of Venezuela) who luckily survived this assassination attempt in which drones armed with explosives detonated while he was delivering a speech.

His Excellence Mr. Nicolas Maduro is an outstanding leader of Venezuela and a distinguished statesman in Latin America, who had devoted his life to national development and social justice and progress, and earned respect and support from the Venezuelan people. We stand in solidarity with your Government and the people of Venezuela.

Keeping in view the relations Karachi Council is enjoying with the Latin American Countries in Pakistan especially with Argentine, Brazil, Cuba in Pakistan and with the Chilean Embassy in Abu Dhabi and Colombia in Turkey, we extend our full cooperation to your Excellency to promote the Pakistan-Venezuela strategic partnership for common development and contributed in enhancing bilateral cooperation in number of areas and cementing friendship between the two nations. Pakistan is also willing to work with Venezuela to deepen their bilateral strategic partnership for common development and bring benefits to the two countries and peoples especially in the absence of the Venezuelan diplomatic mission in Pakistan.

Please accept the assurances of my highest consideration.

Sincerely yours,

Ahsan Mukhtar Zubairi
